## HEARTSAVER FIRST AID COURSE

This course aims to teach participants on the standard first aid procedures, administering CPR, injury prevention, bloodborne pathogens, and community disaster education. Participants in this training learn to recognize and respond to emergencies including shock, cardiac and breathing emergencies for adults, children and infants, heat and cold emergencies, sudden illnesses and poisonings. Additionally, participants will learn first aid for everything from cuts and scrapes to muscle, bone and joint injuries

The American Heart Association Heartsaver First Aid Course will be conducted in cooperation with Singapore First Aid Training Centre delivers a high impact, highly engaging first aid training which gives participants the most comprehensive coverage of first aid topics.

Structured to optimize time efficiency and increase skills learning and retention, this course promises to deliver a completely new and enriching first aid experience for all new and renewing first aiders. Successful candidates will receive a Certification Card from the American Heart Association.
