Warm acceptance of Hospitality training from NeoVita students

NeoVita's Lodging Management Programme that started last 02 November 2008 created a lot of interest from NeoVita students.

Hospitality careers are now a viable pathway for students shifting focus in their specialization. The onset of several opportunities in the hospitality industry through the opening of several significant projects here in Singapore gave students the alternative option in moving forward.

The Lodging Management Program which is a one year training programme to be taught by industry professionals who do not only have educational background in the hospitality industry but lengthy experience as well, will serve as their conceptual preparation in embarking in this career.

 Years of experience in working in household here in Singapore molded them into more customer centric employee. A characteristic sought-after in the hospitality industry.

Moreover, certificates will be awarded by American Hotel & Lodging Association-Educational Institute (AHLA-EI), a reputable American association catering to the interest of people in the hospitality industry. This makes their training valuable not only here in Singapore but also in overseas opportunities.

NeoVita is offering this training programme in cooperation with Continental

Educators, the master franchisee of AHLA-EI here in Singapore.

So if you are thinking of shifting careers, improve your skills, or just be productive during your off-day period, this training is what you are looking for. Whether in hotel, lodging, motels, inns, restaurants, cruise, resort, etc. this training will equip you the skills and can give you a headstart among your peers in the industry.

REGISTER NOW AND GRAB THIS OPPORTUNITY !!!

Pre-Christmas gifts and surprises awaits students attending NeoVita's Commencement Ceremony on 30 Nov 2008

The excitement for the forthcoming NeoVita Commencement Ceremony continues. Students are very eager to finally come into the pinnacle of their educational upgrading activity.

Several groups have prepared special numbers to spice up the afternoon event. Song and dance numbers from Filipino, Indonesian, and Indian groups are expected to add on the festive atmosphere that is expected during the ceremony.

NeoVita prepared some

surprises for all the participants and special gifts for those who have provided extra efforts to make this event a reality.

As our motto suggest "knowledge, services, opportunity" these are the things that our students expect if they continue to upgrade and persevere to improve themselves.

It is only through constant upgrading and willingness to go the extra mile that we will get into our goals and aspirations. Graduates who are now en-

joying higher earning capacity, whose opportunity for overseas jobs have been opened, and doing a higher level of work and responsibilities are the best person who can attest to this.

Business Corner
